

kbc\_write\_command

```
graph LR; A[kbc_write_command] --> B[kbc_get_status]; B --> C[util_sys_inb];
```

A flowchart illustrating a sequence of three steps. The first step, 'kbc\_write\_command', is highlighted with a gray background. A blue arrow points from this step to the second step, 'kbc\_get\_status', which has a white background. Another blue arrow points from the second step to the third step, 'util\_sys\_inb', also with a white background. All steps are enclosed in rectangular boxes with black borders.
